Abstract: **Version 1.0**, released on 30th June 2020, of the RDA-COVID19-WG Zotero Library was created to support development of the RDA-COVID19 Data Sharing Recommendations and Guidelines for the following focus areas: *clinical, community, epidemiology, Indigenous, legal and ethics, omics, social, and software*. **Version 1.1** was the result of continuous updates since then to support ongoing work and subsequent development of related supporting output and publications. **Version 2.0** added a new focus area: '*vaccination*'. **Version 3.0**, released on March 29, 2021, added two new focus areas related to COVID-19: '*clinical trial ethics*' and '*indoor air'*. This is a curated library comprising approximately 2000 references. It is not an indiscriminate listing of everything that has been published in these eleven focus areas. The library will continue to be updated as a green resource.
